Information for carers

Under the Children and Young Persons (Care and Protection) Regulation 2012 and the *Privacy and Personal Information Protection Act 1998*, carers may request to receive information held in the NSW Carers Register, or to amend information on the Register. Forms for each of these requests can be downloaded from the links below. Please also see the [presentation for carers](#), which outlines how the Register works.

Presentation for carers ()

This presentation is a guide to assist designated agencies to provide consistent information to authorised carers, carer applicants and their households about the NSW Carers Register.

Carers Register amendment request form (262.2KB)

This application form can be used to request to amend information in the Carers Register administered by the Office of the Children's Guardian

Request to receive information held on the Carers Register (249.2KB)

This application form can be used to request to receive information held in the Carers Register administered by the Office of the Children's Guardian
